

## Discussion Post Checklist

moodle.district140.org

\*Each discussion post is worth ten points. For each discussion post, a due date will be provided. If the due date happens to pass, students must turn in a hard copy of the completed post for a late grade.

- Minimum of four complete sentences - unless otherwise noted.
- Capitalization and punctuation is expected.
- The content must sufficiently reflect the posed question(s).
- WOTD vocabulary is encouraged to be included in the discussion posts.
- Written responses need to be unique or insightful - do not rewrite a classmate's post.
- Eliminate "I think" and "I believe" statements. If these statements are included, points will be deducted.

\*For each mistake, a point or more may be deducted from the total score.

\*A score of 10 is reflective of an exceptional post - best of the best.
