

Race - Ch. 19

1. At the beginning of the chapter, Aronson makes a comparison between New York University and what ancient empire? (p. 256)

2. "The average white student goes to a school in which nearly _____ out of _____ students are white." (p. 259)

3. According to Aronson, are African Americans treated the same as other minorities in American culture? (p. 260).

4. What term does Aronson suggest using instead of "race" to help avoid the attached prejudices? (p. 266)

5. List two other mass killings since the Holocaust apart from Rwanda. (p. 267)

6. According to Aronson, the ability to "question ourselves" and be self-reflective is what enables us to be members of what?
